

**Prayer Wheel for Project HELP:
Human Exploitation**

The content for the Prayer Wheel for Project HELPSM provides the following prayer opportunities: one day with a general prayer focus plus one issue a day for each of the six areas included in human exploitation.

A design for the prayer wheel is given below. The prayer wheel includes two circles—a top circle and a bottom circle. The content printed on the bottom circle is divided into seven evenly divided sections. Each section has content for daily prayer. The top circle serves as a kind of cover for the wheel. The design on the top circle indicates where to cut out a triangle so the prayer request can be seen.

My Daily Prayers for Human Exploitation

Lord, raise my awareness of the people and issues around me. Teach me Your ways of responding. "Love the Lord your God with all your heart, soul, and mind. This is the first and greatest commandment. And the second is like it: Love your neighbor as yourself" (Matt. 22:37–39 NIV, adapted).

Instructions:

- Download the patterns.
- For durability print the prayer wheel on card stock.
- Make as many copies for distribution as desired.
- Cut out both parts to the wheel.
- Cut out the triangle as shown on the drawing for the top circle.
- Place the top circle on top of the circle showing the days and prayers.
- Attach the two circles together with a metal paper brad or a grommet.

How to use the prayer wheel:

- Turn the top circle to reveal the prayer request for the day of the week.
- Use the prayer wheel for as long as Project HELP: Human Exploitation lasts.
- As you pray, ask God to raise your awareness daily of the issues around you.
